

Honesty Pledge – Test 1

Read the following carefully. Turn it in when you complete this test.

1. I understand that the Instructor expects me to be honest on this test.
2. I understand “being honest” includes:
 - a. ***While I am taking this test, I will not communicate in any way with anyone other than the Instructor or her assistants.***
 - I will not talk with anyone else or exchange information with them during the test.
 - ***I will not use email, chat or the like during the test.***
 - b. ***After*** taking this test, if I want to communicate with anyone about this test, I will make sure that she has already taken the test. If she has not, I will not communicate with her in any way about the test. No hints, no suggested problems to study, nothing!
 - c. For the ***paper-and-pencil*** part, the only external resource allowed is the 1-page (front and back) “cheat sheet” that I brought to the test.
 - d. For the ***on-the-computer*** part:
 - I may use any printed or hand-written materials that I have brought to the test.
 - I may use anything that I stored on my computer before the test, or that I create during the test.
 - I will *not* use the internet beyond what is allowed – items reachable directly from the CSSE 120 web site, and my SVN repositories.
 - ***I will not use any search engine (like Google).***
3. I understand that if I am NOT honest on this test (i.e., if I violate the above rules), ***that is grounds for me to receive an F in the course, along with possible expulsion from Rose-Hulman.***
4. I understand that if I do NOT do as well on this test as I would like, ***I can discuss with my instructor how best to deal with that.*** In particular, I understand that ***my score on Test 2 will replace my score on Test 1 if my score on Test 2 is better than my score on Test 2!***

5. Check one of the following:

☒

I agree to the above.

☐

I do NOT agree to the above and will talk with you [your instructor] privately soon after the test.

Turn this in when you are **FINISHED** taking the test.

Your name (print legibly): yang Zhang
